

EDUCATIONAL RALLY HELD AT RICHMOND

Dr. Hinit, Hon. J. A. Sullivan and
Mrs. Mary C. Roark Deliv-
er Addresses.

RICHMOND, Ky., Dec. 1.—The "educational whirlwind" arranged by State Superintendent J. G. Crabbe and which is to sweep over the entire State of Kentucky this week, was formally opened here yesterday afternoon with addresses by Dr. F. W. Hinit, of Danville; Hon. J. A. Sullivan, of Louisville; and Mrs. Mary C. Roark, of this city. The large courtroom was packed to its capacity with an audience which showed much interest in the three eloquent addresses, which were along the line of the importance of education.

The address of Dr. Hinit was full of interesting facts regarding the necessity and importance of education. Mr. Sullivan discussed what was being done and what had been done in the effort to educate those who were deprived of necessary advantages.

Mrs. Roark spoke of what had been done in the rural districts for the benefit of education by the Federation of Women's Clubs. Prof. John Noland, Superintendent of Schools of this county, presided as chairman of the meeting and made a short address.

CLOCK FOR ELKS

Victor Bogaert of Lexington Invents Unique Timepiece—Strikes Hour of Eleven.

Victor Bogaert, the manufacturing and importing jeweler of Lexington has invented a clock which is for the particular use of Elks. The new clock is a unique bit of mechanism. It can be made in different sizes, different finishes and can be most elaborate and costly or impossibly plain at reasonable price. The clock is wound by the janitor any time during the day and at five or ten minutes before time for the lodge to go into solemn session, a warning alarm rings. Then at 11 the cathedral chime bell strikes the hour. Immediately following in the sweet, clear tones of a music box attached, "And Lang Syne" is played.

Mr. Bogaert has been working on the invention for a year. The patent on the idea was filed at Washington in February last. The clock has just been perfected and a model placed in the patent office.

A specimen will be on exhibition in Lexington as soon as it can be constructed. The clock face is appropriately inscribed and a beautiful Elks' head appears in such a manner as to suitably grace the time piece.

FRANCE PUTS UP THE BARS

Will Not Permit Castro to Visit Paris Under Any Consideration.

Paris, Dec. 1.—The French government is giving consideration to the question as to how President Castro of Venezuela shall be treated upon his arrival at Bordeaux. After the ignominious fashion in which the French minister was expelled from Caracas, the government feels that it would be justified in refusing to allow the president of Venezuela to land, but as Castro is reported to be ill, humanitarian considerations prevent the government from taking such a course.

It is probable, therefore, that a port official will be designated to board the steamer Guadeoupe and ascertain his intentions. If Castro desires to be treated at Bordeaux he will be allowed to remain there; if at Berlin, he will be given a passport across France. But in no case will he be permitted to come to Paris.

TELLS CHURCHES TO DROP OLD DISPUTES

Washington Gladden Urges Golden Rule in Social Crisis.

Boston, Dec. 1.—A discussion of the topic "The Church and the Social Crisis," by Professor Walter Rauschenbush of Rochester, N. Y., and Rev. Dr. Washington Gladden of Columbus, O., brought together nearly 1,000 members of the Boston Baptist Social union and the Congregational club of Boston in a joint assembly at Tremont temple. Professor Rauschenbush, who occupies the chair of history at Rochester Theological seminary, represented the Baptist body, and Dr. Gladden, who is one of the foremost clergymen of the denomination, that of the Congregationalists. Dr. Gladden cited, as evidence that a social crisis exists, the rapid increase of city population and the conditions prevailing in cities, referring specifically to politics, which, he said, is "the opprobrium of our civilization."

To avert the impending clash between capital and labor, Dr. Gladden advised the churches to drop their controversies about creed and ceremony and criticism and concentrate their thought upon getting the golden rule established as the law of neighbor life, business life and political life.

Washington, Dec. 1.—Representative Theodore E. Burton of Ohio, who is an avowed candidate for the United States senate, had a conference with Frank H. He said that there had been no change in the senatorial situation.

UNSIGHTLY LOCATION IS MADE BEAUTIFUL

Co-operation of Citizens and Officials
Has Much Improved
Property.

The southwest corner of Washington and Highland streets in this city has been changed from an unsightly location to a beauty spot. The fence from around the school building has been removed, and the surface of the ground brought to a perfect grade.

The old bricks in front of the dwellings have been removed and in their stead a fine job of cement walk has been laid.

The property adjoining on the west belongs to Dr. M. S. Browne. Where there was formerly an old frame building is now located one of the most beautiful residences in the city. It is of the Swiss style of architecture. The exterior is finished in stucco, or what the workmen call "cast work." The material is of cement and gives the structure a rustic appearance.

Dr. Browne in conjunction with Mr. John Salender, janitor of the school, is arranging to produce a beautiful flower effect. When the season comes, concrete pavements and gutters are to be laid in front of the properties. Some changes in the crossings and grades of the streets will be made to conform to the surroundings.

This good and attractive work is the result of co-operation, the Mayor, the Board of Education and Dr. Browne joining. May the good work of co-operation go on until other parts of the city are improved as this one has been.

And now that the Tobacco money is soon to become a Prodigal Son, lets all put our shoulders to the wheel of prosperity, and show the world that Winchester is not only the home of the largest deals, but is the largest 10,000 city of this glorious America. And that the
